CHRISTIANITY or RELIGION?
By ARNO CLEMENS GAEBELEIN, D. D.

In five chapters a most powerful argument is advanced against evolution and modernism.

I. *What is Religion?* II. *The Universality of Religion.* III. *The Origin and Growth of Religion according to evolution.* IV. *The Origin and Growth of Religion in the Light of the Bible.* V. *Christianity not a religion but the supernatural revelation of God; the finality of Christianity.*

It is the work of the widest, scholarly research, on which the author spent several years.

Able Critics have pronounced this new book as one of the strongest in the controversy between Conservatism and Modernism. Its argument is conclusive. Well bound in cloth. Well indexed. Printed in good type. Price, postpaid.....$1.50

avoids the confusion and cross-wiring of other translations by consistently rendering each Greek word and grammatical form by its closest exclusive English equivalent. This is the only method which practically acknowledges divine inspiration.

450 Pastors Have Met to Promote Personal Evangelism

In one of our large cities alone this great number of ministers of many creeds recognized that this holds the greatest possible advancement of our Christian Faith. It is a movement of the age. Dr. Conant's book will instruct and enthuse you.

Every Church Worker Needs It

Let your GIFT to Foreign Missions PAY YOU a *Life* Income

"All my life I have been interested in Foreign Missions. All I could devote to this work from my income seems so little, yet I dare not use my capital, for that is all I have to rely on for my support."

Is that your problem? An Annuity Gift to the Board from your capital will pay you a definite, guaranteed income for life, of from

4½% to 9% per year,

relieve you of all the worry and care of investing, will pay you the annuity regularly and assure the safety of the principal.

Annuity Gifts now in force range from $100 to $65,000 and total over one and a quarter million dollars. During the forty years the Board has been writing Annuity Gift Agreements, it has never failed to pay the annuity when due.

GENESIS LESSONS

Many questions concerning The Six Days, The Origin of Man, The Sin of Adam and Effects, Geological Ages, Longevity of Life, etc., are frequently ventilated, even in Sunday School classes. The same devil that got Eve to eat of the forbidden fruit hates the book that tells about the Virgin's Seed. Genesis is the "Garden of Beginnings" for most of the truths of the Bible.

The

GOSPEL

and the PLOW

1912—One village boy in India who wanted to learn how to be a farmer. One tool shed to serve as dormitory, classroom and demonstration laboratory. One Presbyterian missionary with a vision.

1928—Eighty students, high caste and low, old time farmers and modern university graduates. Buildings and property worth nearly half a million dollars. A staff of twelve who have caught the vision.

Sixteen years of Christianity in action have brought this result. Allahabad Institute has helped the Government to push the danger of famine farther away from hunger-ridden India. Self-support has brought self-respect to hopeless outcastes. Men of high caste have learned to drop old prejudices while working side by side with those they once scorned. Hindu and Moslem alike have learned that in Christ all men are brothers.

Allahabad Institute needs your help. It can increase its service if you will help increase its endowment. Buildings, equipment and salaries should be enlarged. "The Gospel and the Plow" will mean fuller life to a quarter of a billion people. Send your check now.

MOTHER INDIA

By KATHERINE MAYO

Illustrated. At all bookstores, $3.75

The powerful and daring book which has cast a light on the lives of India's swarming millions. Its revelations of the inferior position of women—ill-treatment of widows—the emphasis placed on sexual life by religion and ancient custom—the horrors due to the institution of child marriage—and cruelty to animals—have shocked the Western world.

"Certainly the most fascinating, the most depressing and at the same time the most important and truthful book that has been written about India for a good deal more than a generation."—*The New Statesman* (London).
